Dear Eva:-

Enclosed find a check

for \$2000 I hope you can make that do until I can get hold of some more money. Collections are a little slow perhaps because I have not a very good collector. I want you to have things as nice as the other girls for your graduation and if you will tell me how much you will need I will see what can be done.

My bills this month were for about \$27500 but I have only just begun collecting.

You would like to teach as soon you can after this summer? I will write Mr. Branson and Miss Bacon to see if they will not be able to do something very good for you.

Thank you for the picture which a few of my friends think much like me.

Am your health is good. Your pic =  
glad

ture seems to indicate it at least.

I think, too, you must have "grown considerable" since I last saw you. I am well and riding a bicycle and busy teaching almost all the time.

Regards to Miss Faxon.  
Yours affly.

Benny Howell.
