

Marietta La July 24/400
Pleasant Hill.

Dear Eva, - Dear Mrs

Grady used to say when unusual
quiet on her face had caused
remark that if she had not been
talking she had like the Irish-
man "kept up a devil of a
thinkin'." Now I thought only
an Episcopalian and a very small lay-
man while Mrs Grady was a
Methodist - and a Pillar would not
express myself so strongly with regard
to you. That which follows however
will allow you to draw your own

conclusions.

I have a position to offer you
music teacher - paying $\$5.00$
net per month and as much more
as you can make at $\$4.00$ per pupil.
I am pretty sure you could make
 $\$75.00$ per month clear probably
more. $\$5.00$ are guaranteed.

School is in Wilkes County and
Miss A. L. Winters is I understand
the moving spirit is not the principal
She offers the guaranty.

Two of the teachers are Christian
Scientists and there is likely
to be something remarkable
about the school on that account

but I would certainly not
allow that fact to weigh very
much against accepting the
position which you are offered
un-conditionally. Mrs. Sheridan
has sent Lillian there and is
delighted with the school. The
people are pleasant unpretentious
kind and require very very
little.

Take it and stay young.
If you decide favorably come
up to Marietta for a month
and study my newer methods.
You are engaged as a pupil of

mine and I would like you
to truly represent me and my
present teaching.

oo, I am myself going to offer
to take the position at \$18.00 oo
because Nellie wants me to but
of course they will not consent
to guarantee that amount.

Love to all. There is no
news and I have other letters.
Write at once.

Yours affectionately

Henry Lowell
